## Part I

### Telecommunication Law and Policy of the European Union

#### 1 Electronic Communications Law and Policy of the European Union

Introduction	1
Fundamentals of EU Telecommunication Law	3
Legislative Powers of the European Union in the Field of Telecommunications	3
Shaping EC Telecommunication Law: Basic Policy Decisions	4
The Regulatory Instruments	5
Regulatory Authorities at European Level	7
Telecommunications Regulation Prior to the 2002 EU Regulatory Package	8
Liberalisation of the Telecommunication Markets	8
Harmonisation of the Telecommunications Markets	11
The 2002 EU Regulatory Package	16
Introduction	16
Regulatory Objectives	17
The 2002 EU Regulatory Package: Overview	18
Regulatory Principles: the Framework Directive	21
Regulation of Market Entry: the Authorisation Directive	43
Regulation of Network Access and Interconnection: the Access Directive	53
Regulation of Universal Services and Users' Rights: the Universal Service Directive	65
Regulation of the Use of Radio Spectrum: the Radio Spectrum Decision	79

#### 2 EU Competition Law in the Electronic Communications Sector

Introduction	83
EU Competition Law – Basic Legislation and Notices	84
Article 81 – Restrictive Agreements	84
Article 82 – the Abuse of Market Power	85
The ECMR	86
Notices and Guidelines	86

Modernisation of the Enforcement of EU Competition Law	87
Application of Article 81 in the Communications Sector	88
Application in the Traditional Telecoms Sector	88
Application in the Wider Communications Sector	90
Application of Article 82 in the Communications Sector	92
Application in the Traditional Telecoms Sector	92
Application in the Wider Communications Sector	98
Sectoral Enquiries	99
Relationship of Competition Law with the New Regulatory Framework	100
Impact of the New Regulatory Framework on Conditions of Competition	100
Relationship of Underlying Objectives	101
Consistency of Concepts	101
Tensions	102
'Precedent Value' of Market Reviews?	102
Roll-back of Ex-ante Regulation	103
Relationship of Antitrust and Regulatory Remedies	103
The Application of the ECMR in the Communications Sector	105
A Brief Outline of the ECMR	105
ECMR Decisions in the Telecoms Sector	107
ECMR Decisions in the Wider Communications Sector	110
Conclusion	111

### **3 Data Protection and Privacy**

Introduction – History and Purpose	112
Scope of Application	113
Confidentiality of Communications	114
Traffic Data	116
Location Data	118
Unsolicited Communications	119
Additional Services Features	121
Itemised Billing	122
Calling and Connected Line Identification	122
Automatic Call Forwarding	123
Directories of Subscribers	123
Legitimate Restrictions by Virtue of National Security	124
Enforcement	124

## **Part II**

### **International Regulatory Framework**

#### **4 The Law of the International Telecommunication Union and the World Trade Organisation**

The ITU	125
History	125
Legal Framework	126
The Radio Regulations	127
International Telecommunication Regulations	128
Membership	129
Purposes and Principles of the ITU	130
Organisational Structure of the Union	132

Tasks, Structure and Functioning of the Radiocommunications Sector	134
Tasks, Structure and Functioning of the Standardisation Sector	137
Tasks, Structure and Functioning of the Telecommunication Development Sector	139
ITU Reform	141
The WTO	144
The WTO in a Nutshell	144
The Relevance of WTO Rules to Private Companies	145
Telecommunications at the WTO – A Brief Historical Overview	146
‘Rule of Law’: Dispute Settlement at the WTO	146
The GATS	148
Structure	148
Principles	148
Schedules of Specific Commitments	151
Specific Commitments and Rules Relating to Telecommunications under the GATS	153
The GATT	160
The TRIPS	161
The WTO and the ITU	162
Outlook: Recent, Current and Future Negotiations	162

### Part III

#### Telecommunication Law in EU Member States

##### 5 The Austrian Market for Electronic Communications

Legal Structure	164
Regulatory Principles: Implementation of the Framework Directive	165
Regulation of Market Entry: Implementation of the Authorisation Directive	171
Regulation of Network Access and Interconnection: Implementation of the Access Directive	176
Regulation of Universal Services and Users’ Rights: The Universal Service Directive	178
Data Protection: Implementation of the E-Privacy Directive	182

##### 6 The Belgian Market for Electronic Communications

Legal Structure	186
Regulatory Principles: Implementation of the Framework Directive	188
Regulation of Market Entry: Implementation of the Authorisation Directive	197
Regulation of Network Access and Interconnection: Implementation of the Access Directive	203
Regulation of Universal Services and Users’ Rights: The Universal Service Directive	208
Data Protection: Implementation of the Directive on Privacy and Electronic Communications	213

##### 7 The Cyprus Market for Electronic Communications

Legal Structure	217
Regulatory Principles: Implementation of the Framework Directive	219
Regulation of Market Entry: Implementation of the Authorisation Directive	223

- Regulation of Network Access and Interconnection: Implementation of the Access Directive 228  
Regulation of Universal Services and Users' Rights: The Universal Service Directive 231  
Data Protection: Implementation of the E-Privacy Directive 234

## **8 The Czech Market for Electronic Communications**

- Legal Structure 237  
Regulatory Principles: Implementation of the Framework Directive 238  
Regulation of Market Entry: Implementation of the Authorisation Directive 242  
Regulation of Network Access and Interconnection: Implementation of the Access Directive 246  
Regulation of Universal Services and Users' Rights: The Universal Service Directive 249  
Data Protection: Implementation of the E-Privacy Directive 253

## **9 The Danish Market for Electronic Communications**

- Legal Structure 257  
Regulatory Principles: Implementation of the Framework Directive 259  
Regulation of Market Entry: Implementation of the Authorisation Directive 264  
Regulation of Network Access and Interconnection: Implementation of the Access Directive 267  
Regulation of Universal Services and Users' Rights: The Universal Service Directive 271  
Data Protection: Implementation of the E-Privacy Directive 274

## **10 The Estonian Market for Electronic Communications**

- Legal Structure 277  
Regulatory Principles: Implementation of the Framework Directive 278  
Regulation of Market Entry: Implementation of the Authorisation Directive 284  
Regulation of Network Access and Interconnection: Implementation of the Access Directive 288  
Regulation of Universal Service and Users' Rights: The Universal Service Directive 291  
Data Protection: Implementation of the Directive on Privacy and Electronic Communications 294

## **11 The Finnish Market for Electronic Communications**

- Legal Structure 297  
Regulatory Principles: Implementation of the Framework Directive 298  
Regulation of Market Entry: Implementation of the Authorisation Directive 304  
Regulation of Network Access and Interconnection: The Implementation of the Access Directive 309  
Regulation of Universal Services and Users' Rights: The Universal Service Directive 313  
Data Protection: Implementation of the Directive on Privacy and Electronic Communications 316

**12 The French Market for Electronic Communications**

- Legal Structure 321
- Regulatory Principles: Implementation of the Framework Directive 322
- Regulation of Market Entry: Implementation of the Authorisation Directive 331
- Regulation of Network Access and Interconnection: Implementation of the Access Directive 336
- Regulation of Universal Services and Users' Rights: The Universal Service Directive 340
- Data Protection: Implementation of the E-Privacy Directive 346

**13 The German Market for Electronic Communications**

- Legal Structure 350
- Regulatory Principles: Implementation of the Framework Directive 352
- Regulation of Market Entry: Implementation of the Authorisation Directive 361
- Regulation of Network Access and Interconnection: Implementation of the Access Directive 368
- Regulation of Universal Services and Users' Rights: The Universal Service Directive 373
- Data Protection: Implementation of the E-Privacy Directive 378

**14 The Greek Market for Electronic Communications**

- Legal Structure 382
- Regulatory Principles: Implementation of the Framework Directive 384
- Regulation of Market Entry: Implementation of the Authorisation Directive 390
- Regulation of Network Access and Interconnection: Implementation of the Access Directive 395
- Regulation of Universal Services and Users' Rights: The Universal Service Directive 400
- Data Protection: Implementation of the E-Privacy Directive 403

**15 The Hungarian Market for Electronic Communications**

- Legal Structure 405
- Regulatory Principles: Implementation of the Framework Directive 406
- Regulation of Market Entry: Implementation of the Authorisation Directive 410
- Regulation of Network Access and Interconnection: Implementation of the Access Directive 414
- Regulation of Universal Services and Users' Rights: The Universal Service Directive 417
- Data Protection: Implementation of the E-Privacy Directive 421

**16 The Irish Market for Electronic Communications**

- Legal Structure 424
- Regulatory Principles: Implementation of the Framework Directive 425
- Regulation of Market Entry: Implementation of the Authorisation Directive 431
- Regulation of Network Access and Interconnection: Implementation of the Access Directive 435
- Regulation of Universal Services and Users' Rights: The Universal Service Directive 437
- Data Protection: Implementation of the E-Privacy Directive 439

**17 The Italian Market for Electronic Communications**

- Legal Structure 442
- Regulatory Principles: Implementation of the Framework Directive 444
- Regulation of Market Entry: Implementation of the Authorisation Directive 453
- Regulation of Network Access and Interconnection: Implementation of the Access Directive 459
- Regulation of Universal Services and Users' Rights: The Universal Service Directive 464
- Data Protection: Implementation of the E-Privacy Directive 470

**18 The Latvian Market for Electronic Communications**

- Legal Structure 473
- Regulatory Principles: Implementation of the Framework Directive 474
- Regulation of Market Entry: Implementation of the Authorisation Directive 478
- Regulation of Network Access and Interconnection: Implementation of the Access Directive 481
- Regulation of Universal Services and Users' Rights: The Universal Service Directive 484
- Data Protection: Implementation of the E-Privacy Directive 486

**19 The Lithuanian Market for Electronic Communications**

- Legal Structure 490
- Regulatory Principles: Implementation of the Framework Directive 492
- Regulation of Market Entry: Implementation of the Authorisation Directive 499
- Regulation of Network Access and Interconnection: Implementation of the Access Directive 502
- Regulation of Universal Services and Users' Rights: The Universal Service Directive 507
- Data Protection: Implementation of the E-Privacy Directive 511

**20 The Luxembourg Market for Electronic Communications**

- Legal Structure 515
- Regulatory Principles: Implementation of the Framework Directive 517
- Regulation of Market Entry: Implementation of the Authorisation Directive 522
- Regulation of Network Access and Interconnection: Implementation of the Access Directive 525
- Regulation of Universal Services and Users' Rights: The Universal Service Directive 528
- Data Protection: Implementation of the E-Privacy Directive 531

**21 The Maltese Market for Electronic Communications**

- Legal Structure 536
- Regulatory Principles: Implementation of the Framework Directive 538
- Regulation of Market Entry: Implementation of the Authorisation Directive 542
- Regulation of Network Access and Interconnection: Implementation of the Access Directive 547
- Regulation of Universal Services and Users' Rights: The Universal Service Directive 552
- Data Protection: Implementation of the E-Privacy Directive 555

**22 The Netherlands Market for Electronic Communications**

- Legal Structure 558
- Regulatory Principles: Implementation of the Framework Directive 559
- Regulation of Market Entry: Implementation of the Authorisation Directive 567
- Regulation of Network Access and Interconnection: Implementation of the Access Directive 572
- Regulation of Universal Services and Users' Rights: The Universal Service Directive 579
- Data Protection: Implementation of the E-Privacy Directive 584

**23 The Polish Market for Electronic Communications**

- Legal Structure 588
- Regulatory Principles: Implementation of the Framework Directive 589
- Regulation of Market Entry: Implementation of the Authorisation Directive 594
- Regulation of Network Access and Interconnection: Implementation of the Access Directive 598
- Regulation of Universal Services and Users' Rights: The Universal Service Directive 601
- Data Protection: Implementation of the Directive on Privacy and Electronic Communications 604

**24 The Portuguese Market for Electronic Communications**

- Legal Structure 608
- Regulatory Principles: Implementation of the Framework Directive 609
- Regulation of Market Entry: Implementation of the Authorisation Directive 615
- Regulation of Network Access and Interconnection: Implementation of the Access Directive 619
- Regulation of Universal Services and Users' Rights: The Universal Service Directive 622
- Data Protection: Implementation of the E-Privacy Directive 626

**25 The Slovak Market for Electronic Communications**

- Legal Structure 629
- Regulatory Principles: Implementation of the Framework Directive 630
- Regulation of Market Entry: Implementation of the Authorisation Directive 635
- Regulation of Network Access and Interconnection: Implementation of the Access Directive 640
- Regulation of Universal Services and Users' Rights: The Universal Service Directive 644
- Data Protection: Implementation of the E-Privacy Directive 647

**26 The Slovenian Market for Electronic Communications**

- Legal Structure 651
- Regulatory Principles: Implementation of the Framework Directive 652
- Regulation of Market Entry: Implementation of the Authorisation Directive 657
- Regulation of Network Access and Interconnection: Implementation of the Access Directive 661
- Regulation of Universal Services and Users' Rights: The Universal Service Directive 663
- Data Protection: Implementation of the Directive on Privacy and Electronic Communications 667

**27 The Spanish Market for Electronic Communications**

- Legal Structure 670
- Regulatory Principles: Implementation of the Framework Directive 672
- Regulation of Market Entry: Implementation of the Authorisation Directive 681
- Regulation of Network Access and Interconnection: Implementation of the Access Directive 690
- Regulation of Universal Services and Users' Rights: The Universal Service Directive 695
- Data Protection: Implementation of the E-Privacy Directive 698

**28 The Swedish Market for Electronic Communications**

- Legal Structure 703
- Regulatory Principles: Implementation of the Framework Directive 704
- Regulation of Market Entry: Implementation of the Authorisation Directive 710
- Regulation of Network Access and Interconnection: Implementation of the Access Directive 713
- Regulation of Universal Services and Users' Rights: The Universal Service Directive 715
- Data Protection: Implementation of the E-Privacy Directive 719

**29 The UK Market for Electronic Communications**

- Legal Structure 722
- Regulatory Principles: Implementation of the Framework Directive 725
- Regulation of Market Entry: Implementation of the Authorisation Directive 736
- Regulation of Network Access and Interconnection: Implementation of the Access Directive 742
- Regulation of Universal Services and Users' Rights: The Universal Service Directive 748
- Data Protection: Implementation of the E-Privacy Directive 752

**Part IV**

**Telecommunication Law in Non-EU Member States**

**30 The Bulgarian Market for Electronic Communications**

- Legal Structure 757
- Regulatory Principles 758
- Regulation of Market Entry 763
- Regulation of Network Access and Interconnection 769
- Regulation of Universal Services and Users' Rights 771
- Data Protection and Privacy 775

**31 The Norwegian Market for Electronic Communications**

- Legal Structure 778
- Regulatory Principles 779
- Regulation of Market Entry 782
- Regulation of Network Access and Interconnection 786
- Regulation of Universal Services and Users' Rights 790
- Data Protection and Privacy 792

**32 The Romanian Market for Electronic Communications**

Legal Structure 796

Regulatory Principles 797

Regulation of Market Entry: Implementation of the Authorisation Directive 802

Regulation of Network Access and Interconnection: Implementation of the Access Directive 806

Regulation of Universal Services and Users' Rights: The Universal Service Directive 809

Data Protection and Privacy 812

**33 The Russian Market for Electronic Communications**

Legal Structure 815

Regulatory Principles 817

Regulation of Market Entry 820

Regulation of Network Access and Interconnection 826

Regulation of Universal Services and Users' Rights 828

Data Protection and Privacy 830

**34 The Swiss Market for Electronic Communications**

Legal Structure 833

Regulatory Principles 835

Regulation of Market Entry 839

Regulation of Network Access and Interconnection 844

Regulation of Universal Services and Users' Rights 846

Data Protection 849

**35 The Turkish Market for Electronic Communications**

Legal Structure 852

Regulatory Principles 854

Regulation of Market Entry 858

Regulation of Network Access and Interconnection 861

Regulation of Universal Services and Users' Rights 863

Data Protection and Privacy 865

**36 The Ukrainian Market for Electronic Communications**

Legal Structure 867

Regulatory Principles 869

Regulation of Market Entry 874

Regulation of Interconnection 878

Regulation of Universal Services and Users' Rights 880

Data Protection and Privacy 880

**Index** 883
